

As an ACI candidate do you want a distance learning solution which is...

affordable ?

comprehensive ?

effective ?

and tuned to your personal training / revision needs ?

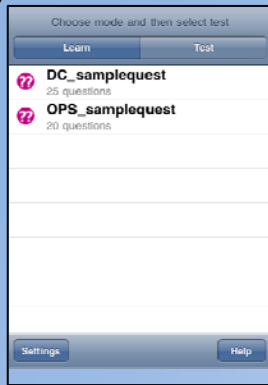

If you have an i-phone or i-touch then this product is for you...

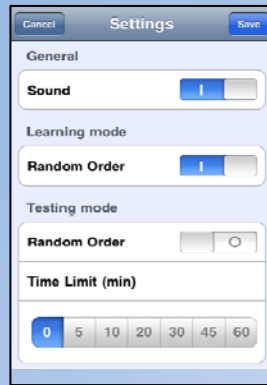

ACi-train

- designed specifically for candidates for ACI - The Financial markets Association qualifications (**ACI Dealing Certificate, ACI Operations Certificate and ACI Diploma**)
- revise for the ACI qualifications in your own time... at your own pace... in a cost effective way... even 'on the move' - making use of that otherwise wasted public transport commuting time using your i-phone or i-touch
- comprehensive database of topic testfiles comprising 15, 20 or 30 interactive multiple choice theory and/or calculation questions covering all ACI syllabus topics
- **Learn mode and Test mode**
 - In **Learn** mode there is a **Hint** with each question (cross referenced to an accompanying text) to assist you in your learning/revision towards the ACI qualifications
 - In **Test** mode you can create a timed test 'under examination conditions' with your results plotted and stored on a topic performance/progress graph
- the **ACi-train app** is available from the **Apple i-phone Apps store (Finance and Business categories)**
- topic testfiles and accompanying texts are available to purchase individually or with generous multiple purchase discounts on-line direct from **Multimedia TradeWind Limited's** dedicated **ACi-train** website...
